Introduction to Zara and Its Business Model

Zara, founded in 1975 in Galicia, Spain, is part of the Inditex Group, the world's largest fashion retailer. Its business model is built around fast fashion, which emphasizes quick turnaround times from design to retail. Unlike traditional retailers that plan fashion seasons months in advance, Zara introduces new designs bi-weekly, responding rapidly to trends and customer demands.

Key elements of Zara's business model include:

- Fast and flexible supply chain
- Limited production runs to create exclusivity
